

tML® - Reequip Kit 5HP black for FO Module MPO/MTP® with Pins/6x LC Duplex

tML® - tde Modular Link

tML® is a patented, modular cabling system consisting of the three key components module, trunk cable and rack mount enclosure. The system components are 100 percent manufactured, pre-assembled and tested in Germany. They enable plug-and-play installation on site – especially in data centres, but also in industrial environments – within the shortest possible time. Heart of the system are the rear MPO/MTP® and Telco connectors, which can be used to connect at least six or twelve ports at a time. Depending on the module configuration, transfer rates of up to 200G are currently possible with SR4. The fibre optic and TP modules can be used together in a module carrier with a very high port density. The tde offers its tML® cabling system as a proven tML® standard system and in the highly innovative variants tML® Xtended, tML® 24 System and now tML® 32 System for extreme scalability and very easy migration to higher transmission rates such as 40G, 100G, 200G and 400G.

For reequip from 1U FO modules on 3U/5HP.

tde® trans data elektronik GmbH

Headquarter address:

Lingener Str. 2
D-49626 Bippen/Ohrte

tML[®] - Reequip Kit 5HP black for FO Module MPO/MTP[®] with Pins/6x LC Duplex

Technical Data

Material	Black
Mounting method	Front of the tML [®] - Rack Mount Enclosure with two countersunk bolts.
	QS-Managementsystem ISO 9001, ISO 14001 and TL 9000

Product variants & accessories

Art.-No.	Description
TML-T06E2C-U-S	tML [®] - Reequip Kit black 5HP for FO Module MPO/MTP [®] with Pins/6x E2000 Compact
TML-T06LCD-U-S	tML [®] - Reequip Kit 5HP black for FO Module MPO/MTP [®] with Pins/6x LC Duplex
TML-T06RJ45-U-S	tML [®] - Reequip Kit 5HP black for TP Module Telco/6x RJ45
TML-T06SCD-U-S	tML [®] - Reequip Kit black 5HP for FO Module MPO/MTP [®] with Pins/6x SC Duplex
