

FO Cleaning tool for FO Simplex Connectors

tde - FO Cleaning Tools for Connectors and Adapters

The performance of the individual fiber optic connector on the network is increasingly playing a very important role, since the transfer rates to rise steadily. The available attenuation budgets can be quickly exhausted. Therefore, it is always very important that not only very high-quality connectors are used with optimized end surfaces, but dirt is avoided on the connector surfaces. Very often, however, if improperly applied connector cleaning more dirt or even damage the connector. Only the tools listed below guarantee a reliable connector cleaning.

- Handy and high performance cleaner that fits in your hand and achieves cleaning more than 500 times
- Just one sliding motion enables to remove contamination such as dust or oil on optical connector end-face
- Connector to be set on guide holder enables stable and even cleaning result always

FO Cleaning tool for FO Simplex Connectors

Technical Data

Key Features

- Dry cleaner with innovative technology.
- Clean contaminant such as dust or oil on optical connector end face.
- Applicable for SC, FC, ST, LC, MU and for PC & APC types
- connectors without any optional part.
- +500 cleanings per 1 unit.
- Simple handling.
- Cigarette-package size & light weight.
- Anti-static materials.

Application	Clean simplex connectors 1.25 and 2.5mm
Dimension	110x68x28mm (Cap opened)
Weight	75g
Operation	Slide type
Life	More than 500 times
Applicable connector	SC, FC, ST, LC, MU

Product variants & accessories

Art.-No.	Description
L-CLEAN-SHM-501	FO Cleaning tool for FO Simplex Connectors
