

tML<sup>®</sup> - FO/TP Patch Cord Management 19" Panel 1U, 5 rings 100mm, stainless steel

## tML<sup>®</sup> Xtended

tML<sup>®</sup> Xtended is a patented, modular cabling system consisting of the three key components module, trunk cable and rack mount enclosure. The system components are 100 percent manufactured, pre-assembled and tested in Germany. They enable plug-and-play installation on site – especially in data centres, but also in industrial environments – within the shortest possible time. Heart of the system are the rear MPO/MTP<sup>®</sup> 12 fiber and Telco connectors, which can be used to connect at least six or twelve ports at a time. Depending on the module configuration, transfer rates of up to 200G are currently possible with SR4. The fibre optic and TP modules can be used together in a module carrier with a very high port density. The tde offers its tML<sup>®</sup> cabling system as a proven tML<sup>®</sup> standard system and in the highly innovative variants tML<sup>®</sup> 24 system and now tML<sup>®</sup> 32 system for extreme scalability and very easy migration to higher transmission rates such as 40G, 100G, 200G and 400G.

tML<sup>®</sup> - FO/TP Patch Cord Management 19" Panel for the regulatory horizontal cable run of patch cords.

tML® - FO/TP Patch Cord Management 19" Panel 1U, 5 rings 100mm, stainless steel

## Technical Data

Front plate	stainless steel
Assembly	5 plastic rings 100mm
Cable entry	Patch cords are from the front inserted
Size	19", 1U
	QS-Managementsystem ISO 9001, ISO 14001 and TL 9000

## Product variants & accessories

Art.-No.	Description
TML-RP-L-5-100	tML® - FO/TP Patch Cord Management 19" Panel 1U, 5 rings 100mm, stainless steel
TML-RP-L-5-100-GR	tML® - FO/TP Patch Cord Management 19" Panel 1U, 5 rings 100mm, grey
TML-RP-L-5-100-SW	tML® - FO/TP Patch Cord Management 19" Panel 1U, 5 rings 100mm, black
