

tML® - Module-/Blind Plate for Rack Mount Enclosure 19"/1U extendable for 8x Modules

tML® - tde Modular Link

tML® is a patented, modular cabling system consisting of the three key components module, trunk cable and rack mount enclosure. The system components are 100 percent manufactured, pre-assembled and tested in Germany. They enable plug-and-play installation on site – especially in data centres, but also in industrial environments – within the shortest possible time. Heart of the system are the rear MPO/MTP® and Telco connectors, which can be used to connect at least six or twelve ports at a time. Depending on the module configuration, transfer rates of up to 200G are currently possible with SR4. The fibre optic and TP modules can be used together in a module carrier with a very high port density. The tde offers its tML® cabling system as a proven tML® standard system and in the highly innovative variants tML® Xtended, tML® 24 System and now tML® 32 System for extreme scalability and very easy migration to higher transmission rates such as 40G, 100G, 200G and 400G.

The tML® - Module Blind Plate is intended for the cover of unused slots in the tML® - Rack Mount Enclosure 1U extendable (for 8 x Modules).

tML[®] - Module-/Blind Plate for Rack Mount Enclosure 19"/1U extendable for 8x Modules

Technical Data

Material	Stainless steel
Dimensions	10.7 x 2 cm (WxH)
Mounting method	toolless through snap in
	QS-Managementsystem ISO 9001, ISO 14001 and TL 9000

Product variants & accessories

Art.-No.	Description
TML-19/1HE-8-M-A	tML [®] - Rack Mount Enclosures 19"/1U with drawer pull-out for 8 x modules
TML-19/1HE-8-M-A-PM2	tML [®] - Cover w. integrated patchcord management and labeling strip for rack mount enclosures 19"/1U extendable for 8 x modules
TML-M-BLIND-A8	tML [®] - Module-/Blind Plate for Rack Mount Enclosure 19"/1U extendable for 8x Modules
