

tML[®] - Cover w. integrated patchcord management and labeling strip for rack mount enclosures 19"/1U
extendable for 8 x modules

tML[®] - tde Modular Link

tML[®] is a patented, modular cabling system consisting of the three key components module, trunk cable and rack mount enclosure. The system components are 100 percent manufactured, pre-assembled and tested in Germany. They enable plug-and-play installation on site – especially in data centres, but also in industrial environments – within the shortest possible time. Heart of the system are the rear MPO/MTP[®] and Telco connectors, which can be used to connect at least six or twelve ports at a time. Depending on the module configuration, transfer rates of up to 200G are currently possible with SR4. The fibre optic and TP modules can be used together in a module carrier with a very high port density. The tde offers its tML[®] cabling system as a proven tML[®] standard system and in the highly innovative variants tML[®] Xtended, tML[®] 24 System and now tML[®] 32 System for extreme scalability and very easy migration to higher transmission rates such as 40G, 100G, 200G and 400G.

The Rack Mount Enclosure 19"/1U is for the equip of up to 8 x tML[®] - modules 1/2U with high component density.

tML[®] - Cover w. integrated patchcord management and labeling strip for rack mount enclosures 19"/1U
extendable for 8 x modules

Technical Data

Material	steel, powdered
Color	black
Mounting	tool-less, snapping on the front of the rack mount enclosures (TML-19/1HE-8-M-A)
Dimensions	19", 1U, depth 115mm
	QS-Managementsystem ISO 9001, ISO 14001 and TL 9000

Product variants & accessories

Art.-No.	Description
TML-19/1HE-8-M-A	tML [®] - Rack Mount Enclosures 19"/1U with drawer pull-out for 8 x modules
TML-19/1HE-8-M-A-PM2	tML [®] - Cover w. integrated patchcord management and labeling strip for rack mount enclosures 19"/1U extendable for 8 x modules
TML-M-BLIND-A8	tML [®] - Module-/Blind Plate for Rack Mount Enclosure 19"/1U extendable for 8x Modules
