

tML[®] - Cover for Rack Mount Enclosures 19"/1U, black

tML[®] - tde Modular Link

tML[®] is a patented, modular cabling system consisting of the three key components module, trunk cable and rack mount enclosure. The system components are 100 percent manufactured, pre-assembled and tested in Germany. They enable plug-and-play installation on site – especially in data centres, but also in industrial environments – within the shortest possible time. Heart of the system are the rear MPO/MTP[®] and Telco connectors, which can be used to connect at least six or twelve ports at a time. Depending on the module configuration, transfer rates of up to 200G are currently possible with SR4. The fibre optic and TP modules can be used together in a module carrier with a very high port density. The tde offers its tML[®] cabling system as a proven tML[®] standard system and in the highly innovative variants tML[®] Xtended, tML[®] 24 System and now tML[®] 32 System for extreme scalability and very easy migration to higher transmission rates such as 40G, 100G, 200G and 400G.

For sealing of the tML[®] - rack mount enclosures 19"/1U.

tML® - Cover for Rack Mount Enclosures 19"/1U, black

Technical Data

Material	Steel 1203, RAL 9005
Mounting	tool-less
	QS-Managementsystem ISO 9001, ISO 14001 and TL 9000

Product variants & accessories

Art.-No.	Description
TML-19/1HE-8-CO-2	tML® - Cover for Rack Mount Enclosures 19"/1U, black
TML-19/1HE-8-M-2	tML® - Rack Mount Enclosures 19"/1U for 8 x modules
TML-M-BLIND	tML® - Module Blind Plate for Rack Mount Enclosure 10" or 19"/1U
TML-M-STUETZE	tML® - Blind Module for Rack Mount Enclosure 1U
